

**Health Equity & Access in a Patient's Time of Crisis**

## Patient Advocacy Summit

**September 22, 2020 | 10am-12pm | Virtual Summit**

Support Georgia Bio's first-ever Patient Advocacy Summit! The COVID-19 pandemic has amplified the need to explore ways in which biopharmas, patient advocacy organizations, and legislators can better partner to advance new treatments and cures. The event will bring together the patient advocacy community to showcase best practices and cutting-edge examples of how life sciences companies can more fully incorporate the patient voice into the work they do—not just approaching regulatory applications or at commercialization, but throughout the drug development cycle.

For more information about sponsorship opportunities, please contact Kristina Forbes at [kforbes@gabio.org](mailto:kforbes@gabio.org) or **404.920.2043**.
