

May 27, 2021 | 10:00 AM - 2:00 PM | Virtual Summit

Support Georgia Bio's first-ever MedTech & Digital Health Summit! The Summit provides a forum for professionals from industry, academia and government to discuss major trends and issues, including how medical devices and digital health are creating new opportunities to transform patient care. Join the discussion as we explore the challenges and opportunities in medical device innovation, regulatory harmonization, compliance, digital transformation and more. Through a keynote presentation, panel discussions, and company showcase, we'll explore new strategies for medical device and digital health innovators to converge with partners and ultimately deliver better outcomes for patients.

For more information about sponsorship opportunities, please contact Kristina Forbes at kforbes@gabio.org or **404.920.2043**.
